## ART TASK

# Visual Arts Task Sheet

## What are **mycorrhizal** fungi?

'myco' means fungus in Greek

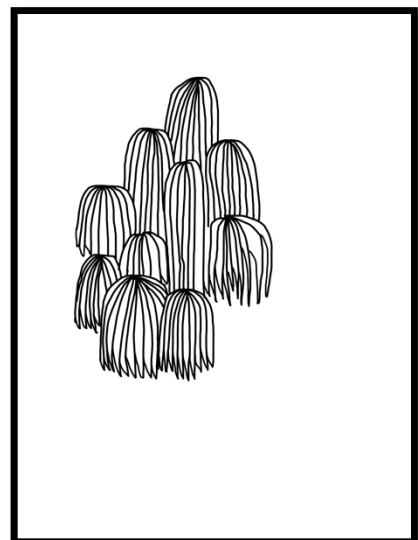

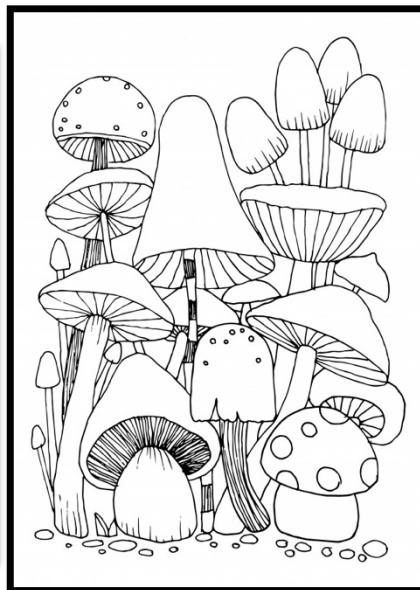

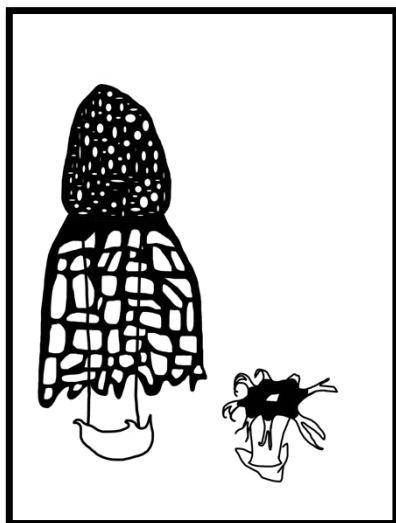

'rhiza' means root in Greek

Your art task is to draw or paint your own version of mycorrhizal fungi, showing the special and unseen relationship that exists between fungi and plants!

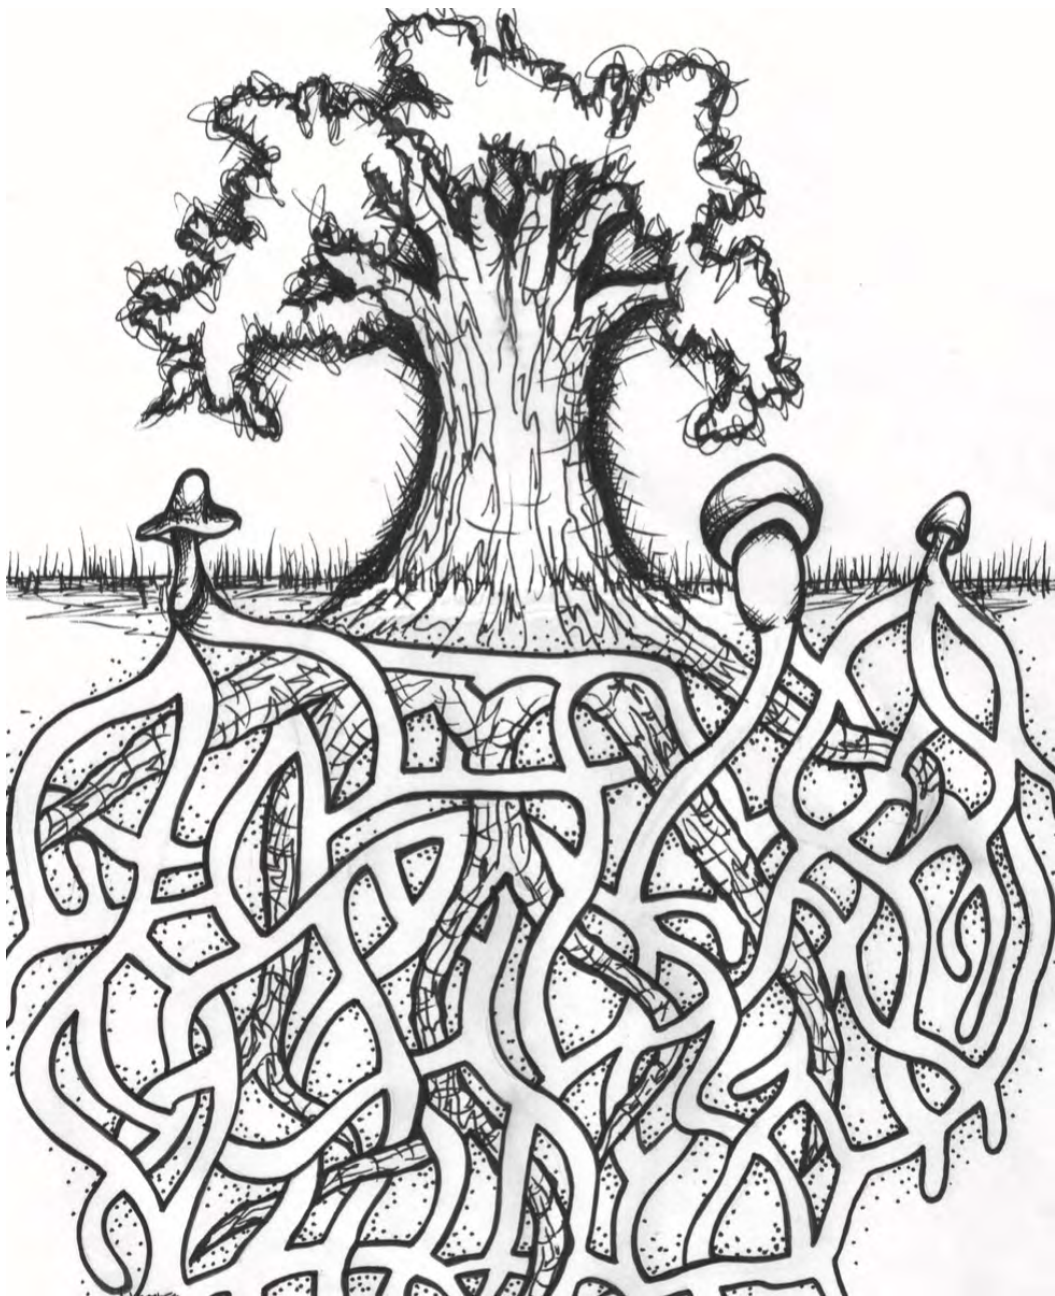

Start with a sketch first, include the elements listed below and then complete your final artwork. Use your imagination and your own style.

### Your artwork needs to include these elements:

- A fruiting body (any colour and shape)
- A network of mycelium underground connected to the fruiting body
- Mycelium underground attached to tree roots
- The release of spores from the fruiting body
