Submission

Please complete the three submission criteria below to detail relevant information for the application. Each criteria response is to be no more than 300 words and include evidence and verifiable examples.

The submission is to be also supported by two letters of no more than 500 words each endorsing the applicant's activity in their community or a technical referee. Please attach these letters to the submission.

The judging panel's selection will be based on the applicant's responses to the following three submission criteria.

- 1. Outline what your early childhood service or school has implemented and any links to external communities (300 words).**

- 2. Explain how the initiatives are linked to the ACARA curriculum, specifically the current Sustainability Cross Curriculum Priority for schools or the EYLF/NQS for early childhood services (300 words).**

3. Outline the connections between your work and the United Nations Sustainable Development Goals, please select one Major goal and one Minor goal (300 words).

Reference Letters – please attach

Please list two professional references.
